Depart the Donut 09.00 head down the A1 to Nahiatic, follow through to Gloucester for a Pit Stop, fuel etc; approx. 30mins.

Up over the mountain to Dungog and Patterson for another break, then onto Cessnock.

Some of the road surfaces are challenging, but we will ride to the conditions and within the Speed limit and should arrive there about 15.00.

Any that don't wish to travel this way can opt to travel straight down the Freeway through Beresfield to Cessnock, that journey should be approx. 3hrs.

The Cessnock Hotel has Secure Parking for us on the WESTERN side of the Hotel, it is not under cover

We plan to get to the Zoo at 08.30 Sunday Morning as some feeding takes place then, you of course are free to wander at will. There is easily a good 4 hours to be spent viewing the animals. We have arranged a Sausage Sizzle BBQ for lunch before we head home via the Freeway.

**NB:** This is the plan for entering the Pub. We will be travelling from East to West. Go past the Pub as it's at a MAJOR Road junction, 500mtrs further on is a Round-a-bout, complete a U-turn and head back. Immediately on your Left is a WW Servo, we will refuel there, we then head to the Pub in the LEFT hand lane and turn Left immediately before the Pub, this will take you to the rear Carpark and allow you to unload and make arrangements to place your Bike in the secure area.

## Sat 10<sup>th</sup> & Sun 11 October 2015
